企业简介 Brie introduction

上海白蝶管业科技股份有限公司是一家专业从事塑料管道的生产、销售的股份制企业，在生产塑料管道方面有近四十年的历史。1997年底在国内率先开发生产了“冷热水用无规共聚聚丙烯(PP-R)管道”产品，广泛应用于工业及民用冷热水给水系统、纯净饮用水系统、采暖及中央空调等系统,是传统金属管道的理想替代产品。

公司采用德国进口克劳斯玛菲、巴顿菲尔和奥地利辛那提等全自动在线检测管材挤出生产线和日本东芝、香港奥克兰、广东震德、宁波海天等注塑设备，同时配备有多台进口管件焊制设备及检测试验设备，可生产口径自16mm-450mm多种压力等级的管材和相配套的管配件。公司目前主要有PP-R产品、PE给水、PVC-U排水管、PVC-U电工套管、PE燃气管产品、PE-RT采暖管产品、PP-R稳态复合管、3S聚丙烯静音排水管道等。

公司作为中国塑料管道专业委员会副理事长单位，全国塑料制品标准化技术委员会(TC48/SC3)核心委员单位，在把产品推向市场的同时，注重了配套的应用技术和相关产品的研究开发，先后完成了PP-R产品国家标准的制订、编制了“PP-R管道设计、施工、验收规范”、编制PP-R管施工图集、编制了PP-R空调管施工规程等。

公司从投产塑料管道开始就把产品质量放在生产经营工作首位，从93年开始，已连续多年通过了国家和上海地方的产品质量监督抽查，产品质量稳定、可靠，并以遍布全国的营销网络为基础建立了售后服务体系网络，开设了800-820-0166的全国服务热线，以保证跟广大用户的直接联系，在用户中有很高的信任度。先后获得上海市著名商标和上海名牌产品称号。

Shanghai White Butterfly Technology Co., Ltd. is a joint-stock enterprise specialized in producing and selling the plastic pipelines, with over 20 years history in producing such pipelines. At the end of 1997, the company firstly development the PP-R pipeline for water supply at home, and the products have been extensively applied to industrial and hot water supply systems, clean drinking water systems, heating systems, air conditioner systems, ect., as the ideal products taking the place of traditional metallic pipelines.

The company adopts the imported full-automatic online detection pipe extrusion production lines from Germany KraussMaffei, Battenfeld, Austria Cincinatti and injection moulding equipment of Japan Toshiba, Hongkong Auckland, Guangdong Chende and Ningbo Haitian, etc. as well as imported pipe fitting welding equipment and checkout equipment and so on. White Butterfly has the full ability to produce pipe and pipe fittings of caliber 16mm-450mm and various pressure classes, at present, it has owned the products including PP-R products, PE water supply pipes, PVC-U water supply pipes, PVC-U drainage pipes, PVC-U electrical conduits, fuse pipes, PE-RT heating pipes, PP-R static composite pipes, 3S PP sound proof pipes for drainage and so on.

As a vice board chairperson unit of China Plastics Piping Association, and member unit of National Technical Committee 48 on Plastic Products of Standardization Administration of China (TC48/SC3), the company not only lays stress on pushing products to the market, but also pays attention to development of supporting technologies and relevant products, and has successfully finished the preparation of national standard of PP-R products, compilation of "code for design, installation and acceptance of PP-R pipelines", compilation of drawing collection of installation of PP-R pipelines, compilation of code for installation of PP-R air-conditioning pipelines, etc.

Since put into operation of plastics pipelines, the company placed the quality at first position of production management, passed the national and local quality supervision and inspection successively since 1993. The company boasts of stable and reliable product quality, has established an after-sale service network on the basis of marketing network that covers the whole country, set up a national service hotline 800-820-0166 for guaranteeing direct contact with users, all of these enable the company to enjoy high trust of users. Besides, the company has been awarded the honor of Shanghai Famous Brand, National Inspection-free Products and Shanghai Brandname Products.
